

Top 12 pro GeneCIS

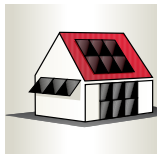

QUALITY and TECHNOLOGY

1. Good temperature coefficient
2. High shading tolerance due to optimal cell structure
3. Stable glass-glass composite
4. Solderless cell connection
5. Frost-proof frame
6. Lockable plug system

ADJUSTABILITY and AESTHETIC

7. Broad range of possible applications
8. Flexibility in the choice of module sizes
9. Reproducibility for an unlimited period
10. Attractive design

ENVIRONMENTAL CONTRIBUTION

11. PV-Cycle return and recycle system
12. Only 2 years energy payback time

GeneCIS Module
"made in Germany"
